The Ninth District Publishers' League meets tomorrow at Carlisle.

Rev. W. R. Ivey, Pastor of the First Baptist Church, has been ill for the past several days.

Attorneys Samuel J. Pugh and W. C. Halbert of Vanceburg were here yesterday taking depositions in the Hord case.

When a citizen of Maysville desires to have a long sleep, let him take a short nap on the front street C. and O. trestle.

George Conners, colored, plead guilty yesterday to three misdemeanor charges and was sentenced to eighty days in the County Jail.

Mary Varnell, who has been in jail for some time charged with vagrancy, was dismissed yesterday on motion of the County Attorney.

We are not out of the woods yet, we may have some more high water in this month of tears. February is a deceitful hussy at best.

The funeral of Michael Sweeney, who was killed Wednesday evening by a C. and O. train, took place this morning at 9 o'clock from St. Patrick's Church, the interment being in the Cemetery at Washington.

The autocrats—the plumber and the coal man—have been working overtime for the past two weeks, and their bank accounts have increased proportionately. There is not a housekeeper in Maysville but what has had his trials and tribulations with one or the other during the fortnight.

That there were no serious accidents reported yesterday from falls received on account of the dangerous condition of sidewalks, in consequence of the frozen sleet, is no fault of the weathered man, for a certainty. Walking, under any circumstance, could not have been more hazardous.

The County Board of Equalization has assessed the stock of various Banks in the county at 80% of market value. There were a number of taxpayers notified to appear before the Board and to show cause why their taxes should not be increased, residents in the flood district, and on investigation they were exonerated from a raise. The Board adjourns today, having been in session altogether fifteen days.

PUBLIC NOTICE—NEW BAKERY.

We have reopened the bakery at 137 West Second street, and respectfully invite you to give us your patronage. Bread, Pies and Cake made daily.

C. C. HELMER.

MR. PEYTON WHEELER.

After a lingering illness of many months one with sublime patience and heroic fortitude Peyton Wheeler, eldest son of the late Captain George H. Wheeler, peacefully fell asleep yesterday afternoon at 5:30 o'clock at the home of his mother, Mrs. Alwilda Wheeler, in West Fourth street.

The deceased was born in Aberdeen, O., April 12th, 1871, and had he lived until the 12th of April next he would have been 36 years old.

He was an exceptionally fine young man, of the strictest integrity, honorable and high-minded to a superlative degree. He was the essence of a gentleman in the truest and highest sense of the term.

He identified himself with the Methodist Church in Aberdeen under the ministry of Rev. Whitney at the age of 14 years, and retained his membership to the present time.

He was with Browning & Co., drygoods, for four years, afterwards in the employ of Hechinger & Co. for the same length of time; three years with Rollman & Son, and six years with Miles Bros., Cincinnati, all of whom will bear cheerful testimony to his worth and uprightness.

Besides his mother he leaves four sisters and one brother—Mrs. Hartley Bronell of Birmingham, Ala., Mrs. Charles Slack of Nashville, Tenn., Mrs. Albert Gayle of Richmond, Ind., Miss Annabelle Wheeler of this city, and Mr. Theodore Wheeler of Oakland, Cal.

The arrangements for the funeral have not yet been completed.

A LOUISVILLE Church is going to have impressive services celebrating the "second anniversary of the installation of a pipe organ." This is the limit in the celebrating line, and it now remains for some enterprising congregation to celebrate the installation of a busted water pipe or the purchase of a ton of coal.

DISTRICT ATTORNEY WILLIAM TRAVERS JEROME is now posing in the spot light of one of the most notorious murder trials in modern Court annals. Mr. JEROME appears to many as the most gigantic windbag of the age. If he ever accomplished any great shakes during his conspicuous career the fame of it has not yet reached beyond the confines of Manhattan. Yet Mr. JEROME seems to cut a wordy if not a real talented figure in these dark events emanating from the Tombs.

THE destruction of hundreds of homes and other property at Augusta is appalling, and the situation appeals to every feeling of humanity. The towns and cities along the Ohio that were not damaged to any noticeable extent should make some efforts to relieve the stricken people there. The loss will reach \$100,000, with only a few thousand to aid 600 homeless victims. Many persons are living in henhouses and coalbins, and this sudden transformation of that once beautiful little gem of a city into a shatteren wreck demonstrates the frail tenure of all human life and property, and silently points a moral to all to take heed lest ye also fall.

OUR SPRING STOCK—those heavy purchases that we have told you so much about—is more than we can take care of. The Courier-Journal says—

"In a London parish containing 13,000 inhabitants there is one bath tub."

And this one tub is likely used as a receptacle for coal or the roosting bunk of a London bum.

THE Thaw Jury may set a novel precedent in its interpretation of the "unwritten law." The pretty but vain, weak and frail EVELYN NESBITT is the real guilty one, and was playing her wiles upon both STANFORD WHITE and HARRY K. THAW. Here were three degenerates drinking deep from the poisoned fountain of sensuality. The wages of sin is death, and the finish of HARRY and his wife will rival the end of the man they slew.

It is rumored that Senator W. H. Cox is in receipt of a letter from ex-Governor W. O. BRADLEY in which the former Governor declares that he is in no sense a candidate for the Governorship of Kentucky, and adds by way of parenthesis that he wouldn't accept the nomination if it were tendered to him on a silver platter. This would infer that the Governor is now entirely out of the running and tends to clarify the atmosphere and boils down the situation immensely.

THE following dispatch from Philadelphia to The New York Journal, dated November 16th, 1893, is worthy of being reprinted in

these piping times of peace and prosperity:

Then and Now.
1893—1907.
"A table of figures compiled from the official reports of the State Factory Inspectors shows that of 500 textile establishments in this city but 18% are in operation. The 500 mills employ 90,000 men, and only 17,500 of these are working.

"The same table shows that while in August last 75% of the total workmen were idle, there are 90% without work now."

How would you like to return to those terrible old days of free soup, free silver and hear the idle tramp of millions of unemployed American workmen?

TRROUBLE AHEAD FOR JACK.

His Well Meant Advice Evidently Caused All the Trouble.

Recently a lady was seen hurriedly approaching the gate at the Grand Central Depot, in New York. She had a traveling bag in one hand, a hat box and a bunch of flowers in the other and an umbrella and a box of lunch tucked under her arm. There was not a moment to spare, but the gatekeeper stopped her mad rush.

"Let me have your ticket, please," he commanded.

"I can't," she said, turning first red and then white, "but I have one. Please let me pass. I've got to catch that train."

"You will have to show your ticket, madam," repeated the gatekeeper sternly. Tears glistened in the lady's eyes.

"I tell you I can't, it's—it's—Well, I pinned in my—Oh, I put it where I wouldn't lose it, and I can't get it till I have a chance to—Oh, do please let me through!" She was allowed to pass, and was heard to say as she made a dash for the train:

"The next time Jack worries we into putting things where I can't lose them I guess I'll know it."

CONFIDENCES OF A CODFISH.

Revealed Secret of His Lengthy Absence From Home.

Capt. Collins, a well known fisherman of the banks, was persuaded into buying a large codfish by a fish pedler. After the departure of the pedler he saw it was not fit to be eaten, so it was thrown away.

In a few days the pedler again stopped at Collins' door. The captain went out to his cart and began to examine his fish. Suddenly leaning down, he placed his lips close to a large cod and began whispering to it.

The pedler looked further astonished at this, and as soon as the captain raised his head he asked what he did that for.

"Well," replied Collins, "I was just askin' him how his relatives were, out in the old ocean."

"And what did he say?" asked the pedler.

"He said," replied Collins, "that when he left them they were in good health, but as he hadn't seen them for two weeks, he did not know whether they were alive or dead at the present time."—Boston Herald.

"Bile or No Bile."

The following plaintive note was picked up on the bridge in the east end of town: "Dear L.—The reason I didn't laugh when you laff at me yesterday in the postoffice was because I have a bile on my face and can't laff, if I laff it will bust, but I love you old sweet thing bile or no bile, laff or no laff, you know that. p. m. THANKFUL

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has been most gratifying to me personally in making my business career in Mayville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and polite attention in the future as in the past and selling the very best goods at the most reasonable prices.

My store now the largest and most varied it has ever been, my pleasure to offer to the public, consisting of every article of apparel and Fancy Goods, these goods are fresh and new and of the very best quality. My stock of CANNED GOODS is unusually large and the quality of the very best.

The demand for MARYLAND FLOUR is rapidly growing because it is beyond a doubt the very best Flour sold in Mayville that can be made. It has no superior anywhere.

The run on my fine Blended Coffees has been enormous and is constantly increasing. I am still selling these fine goods at 15c, 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the finest that can be produced, don't fail to call for the famous "Harrington Hall," steel cut, sold only in one pound packages at 35c per pound.

A big invoice of very fine Premium Chinaware just in, a sample of which may be seen in my warehouse.

These goods I give to my CASH customers in redeeming tickets given out with their cash purchases.

Until further notice DOUBLE TICKETS will be given with each cash purchase.

I buy strictly fancy Table Butter, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want every one to come and see me; always welcome. If you don't want to buy it will be a pleasure for me to show you the nicest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

MAYSVILLE, KY., FRIDAY, FEBRUARY 1, 1907.

Feeble Old People

Are Much Benefited by the Use of Vinol.

Hundreds of old people right here in Maysville need just such a strength maker and body-builder as our delicious cod liver preparation, Vinol; and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will invigorate every organ in the body, stop the natural decline, and make them well, vigorous and strong.

If you want to know how an aged, feeble, discouraged man or woman may be made active, cheerful and vigorous, read this letter:

Mrs. Catherine Therer, of Albany, N. Y., writes: "Six months ago I felt that I was broken down by age, and I was doomed to the weak and feeble condition of old people. The slightest exertion tired me, and I had no strength. My daughter brought me a bottle of Vinol. I soon felt an improvement; I continued its use, and am now well, cheerful, and stronger than I have been for years; in fact, I feel ten years younger."

Vinol is not a stimulant, which reacts on the system, but it is a genuine cod liver and iron tonic which is in a natural manner makes rich red blood and replaces weakness with strength. We wish every old person in Maysville would try Vinol on our offer to return money if it fails.

J. C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

Dr. Wiley Sounds a Note of Warning on Poisonous Foods

Dr. Harvey W. Wiley, chief of the chemistry bureau of the Department of Agriculture and Government pure food expert, during testimony before the House Committee on Agriculture regarding cold storage warehouses, said: "Milk begins to deteriorate right away. Eggs also begin to deteriorate immediately. Fruit sometimes continues to improve for three months. Meat improves up to about six or eight weeks. Take a quail a year old and a fresh quail cooked at the same time and a jury can pick them out blindfolded."

"Oysters opened and shipped in buckets should be prevented from entering into interstate commerce, as they are dead. An oyster is dead an hour after it is opened and is not good. It loses its flavor. They ought not to be frozen. That ruins them, and as soon as they thaw they are dangerous. Oysters should be shipped alive and in the shell. The greatest outrage of the oyster trade is to soak oysters with fresh water and swell them up, making them look fat. Oysters sent out in tin cans are all right. Oysters in buckets are either preserved with some preservative or are dangerously near the ptomaine line, one of the two.

"Gelatin is made out of hides, of the scrapings from hides. These hides go into the tanners' vats and these hides that smell to heaven are treated and trimmed and these trimmings are used to make gelatin. The Marine hospital service found tetanus germs in gelatin. The gelatin factories are the dirtiest in the world. The hides used are treated with alkali, which is rubbed into them for shipment. Gelatin is sometimes made in glue factories. Gelatin is used for putting into ice cream and candies and for making capsules that you take your medicine in. There is no objection to gelatin if properly made and that there is plenty of wholesome raw material. No one wants to run the risk of getting lockjaw by taking a powder or a pill or eating ice cream."

All Kinds of Money

Mason County people made all kinds of money last summer. They never were so prosperous as they are today.

If your goods and prices are right, you can spend money with you. You can reach them through THE DAILY LEDGER. Try it.

Brother Newcomb, the clever Editor of The Ripley Bee, had his newspaper office flooded last week, which caused him much delay and trouble. However, The Bee is again buzzing for its many readers.

When house cleaning time arrives in the spring, and the dirt begins to fly in the construction of new streets, it would be an admirable idea if the City Dads would either fix up or dig up the Market street esplanade. As it is, well, you can form your own conclusion.

B. J. Ewen, who was one of the most important witnesses in the case against James Hargis and others, charged with the murder of J. B. Marcum, was acquitted at Campton of the charge of perjury. An indictment was returned against him on account of testimony given in a civil case.

The Men's Social Club of the Central Presbyterian Church will hold its regular monthly meeting in the parlor of the Church at 7:15 this evening. SKIN TORTURES AFFLICT CHILDREN

Obstinate Case of Eczema Covered Little Girl's Limbs with Running Sores—Poison Oak Made Boy's Hands and Arms a Mass of Torturing Sores—Sufferers Soon Relieved and Completely Cured—Grateful Mother Says:

CUTICURA REMEDIES A HOUSEHOLD STANDBY

"Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instant relief afforded me that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble."

"In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his hands and arms with the Cuticura Soap, and applying them with the Cuticura Ointment, and then gave him the Cuticura Rosolvent. In about three weeks his hands and arms healed up. So we have lots of cause for feeling grateful for the Cuticura Remedies. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor. Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."

OUR PRIDE

IS IN THE

WORK HARNESS

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minutest, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the wakes' place ons' stan' the strainin', 'n the way t' fix it, uz I maintain is onty jes' to make that place uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Do you not think this is full value received for every cent invested?

WOMEN'S WOES.

Maysville Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Re a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. J. B. Gibson of 22 East Fourth street, Maysville, Ky., says:

"The prompt and thorough action of Doan's Kidney Pills should recommend them to everyone suffering from backache or kidney troubles. I have known the value of this remedy for several years. Its use in my case proved to me that it is a reliable kidney cure and cannot be excelled for backache or weakness of the kidneys. I have recommended Doan's Kidney Pills before and I should advise every sufferer to get a supply and try them."
